The objectives of these Multiplier Events

- Make the Yesss project known to young people and professionals who work with this group. in general, and concrete in entrepreneurship and the environment.
- Show the tools provided in this project to apply them to green youth entrepreneurship.
- Explain the concept of social economy.

21/12/2023 16:00 - 17:00H ASOCIACIÓN PEREGRINOS DE LA ESPERANZA

Link : <https://parroquiacrstorey.org/peregrinos-de-la-esperanza/>

The meeting took place in The Peregrinos de la Esperanza Association, belonging to the Parish Cristo Rey in Zaragoza. It is a private NGO dedicated to Generate welcoming spaces for migrants and refugees, to accompany them in their integration process. His training department cooperates with institutions and entities that offer courses and training (accrediting and non-accrediting) to empower migrants personally and professionally.

Cooperation of our training department with institutions and entities that offer courses and training (accrediting and non-accrediting).

21/12/2023 18:00 – 19:00H IN ZARAGOZA ACTIVA

Link : <https://www.zaragoza.es/ciudad/sectores/activa/somos.htm>

The meeting took place in **Zaragoza Activa**. A public entrepreneurial ecosystem whose mission is to promote an innovative, creative, and collaborative hotbed of work in Zaragoza with the following services:

- Nursery for Entrepreneurs: 17 offices for entrepreneurs.
- Seedbed of Ideas: a pre-incubator for companies.
- Employment Zone: aimed at the unemployed.
- The Collaboradora: a space for collective intelligence.
- The Brinco: an acceleration space for recently created companies promoted by Zaragoza Activa.
- ZAC Growth: an acceleration program aimed at entrepreneurs with stable companies, who need to consolidate their business and are in the growth phase.
- MADE IN ZARAGOZA: a network of creative entrepreneurs whose activity generates a powerful economic, social and/or cultural impact in the city.
- Remolacha HackLab (Hacker Laboratory) is a classroom of the future, a practical and collaborative learning environment, oriented towards carrying out projects and experimentation.
- Yuzz: a project launcher for young people under 30.
- InfoActiva: a consultancy for entrepreneurs.
- ThinkZAC: a nomadic knowledge laboratory.
- BJCubit: the first library for young people in Spain.

NUMBER OF PARTICIPANTS

Total 45.

COMPLEMENTARY RESULTS

- Consolidate the cooperation with both entities: Zaragoza Activa and Peregrinos de la Esperanza.
- Disseminate information about European Erasmus+ projects to different groups.
- Make known the different applications of the tools provided by the Erasmus+ Projects.
- Expand dissemination of the labour in this kind of projects.
